And all such goods shall be dealt with in like manner as by the Ordinance No. 6 of the year 1853 it is directed that goods forfeited thereunder shall be dealt with.

IV. The landing of all goods brought to the dock for importation, and the shipment of all goods brought thither for exportation, shall be performed by persons employed under the authority of the Commissioners in the first section hereof mentioned. And such Commissioners shall be entitled to demand and receive from the importers or exporters, as the case may be, of such goods, such sums as may be appointed for the same by the said Commissioners, and approved by the Governor from time to time, and published in the Government Gazette.

V. Nothing in the preceding section contained shall be construed to impose upon the said Commissioners the duty of conveying any goods intended for importation into the dock from any vessel which may be anchored outside of the same, or the duty of conveying any goods intended for exportation from the dock to any vessel so anchored; but such conveyance of any goods shall be performed by and at the cost of the importer or exporter thereof, respectively.

VI. It shall be lawful for the said Commissioners to demand and receive in respect of all goods, stores, and coals that may be transhipped from one vessel to another in the dock or in Table Bay, wharfage dues at the rate of two shillings for every ton or fraction of a ton of such goods, stores, and coals.

And a full account of all receipts and payments by the said Commissioners shall be by them rendered at the close of each year to the Governor, to be laid before Parliament at the next annual session thereof.

XI. Subject to the provisions hereinbefore contained, it shall be lawful for the said Commissioners, with the approval of the Governor, to make all necessary regulations for the management of the said dock and of the landing, shipping, transhipping, and warehousing of goods, and for the proper control of all vessels entering the same; and from time to time, as to them may appear proper, and with the like approval, to alter and amend any such regulations. And all such regulations shall be published in the Government Gazette, and any person violating the same shall be liable on conviction to ————.

MUTUAL
Life Assurance Society.

Report of the Directors of the Mutual Life Assurance Society of the Cape of Good Hope at the Annual General Meeting of Members, held in the Society's Hall on Monday, the 6th July, 1868.

IN coming before the Members at this the 23rd Annual General Meeting, the Directors are able to submit a Report in every respect most encouraging.

Notwithstanding the competition with Foreign Offices and the depression of trade over the whole Colony, the progress of the Society has for a series of years been uninterrupted.

A comparison of last year's Accounts with those now on the Table shows that we have this year taken £1,850 more in Premiums, while the increase on the amounts received as interest on Loans is £2,178. In short the total income of this year exceeds that of last by £3,940. On the other hand, the Claims, as will appear by Balance Sheet, are £2,694 heavier. This is easily accounted for by the Fever which raged in Cape Town last summer, and removed, among others, four of our Members, to whose representatives the sum of £3,011 12s. 1d. has been paid. Two of these were Medical men, who were struck down while engaged in their arduous professional labours among the sick poor.

It will be remembered that at last Annual Meeting a suggestion was made to the Board as to the propriety of increasing the Commission allowed to Country Agents. Since then the Directors have fully considered the matter, and are unable to recommend any increase to the rate (2½ per Cent.) now allowed.

This being the third year since last division of Profits, the time has now arrived when another Distribution has to be declared. For this purpose the usual investigation into the Society's affairs has been made by their actuary. The result is, that making due allowance for all contingencies, the Directors are in a position to declare a Bonus of 2½ per Cent. per Annum, or 7½ per Cent. for the three years. As has been customary heretofore, prospective additions at the rate above mentioned will be allowed on all Policies which may become Claims before the next Triennial Division, provided such Policies be of five years' standing.

To give some idea of how the Profits accumulate on a Policy, and to show the advantages to be derived from insuring in an Office where all the Profits belong to the Policy-holders, it may be stated that a Policy of £500 taken out in the first year of the Society's existence, now amounts to £901 0s. 4d., while the amount of Premium payable on it remains the same as at first.

A retrospective view of the last three years of the Society's transactions shows that considerable progress has been made.

In 1865 the number of Policies in force was 1,880; the sum assured £1,212,651; and the total income £44,016. On the 31st May last, the number of existing Policies was 2,225, assuring £1,422,966 (inclusive of Profits), and the annual income had increased to £48,958.

These figures cannot fail to give Members full confidence in the undertaking, while they offer every inducement to those not insured to join an Office which is one of the most successful of our Colonial Institutions.

It is recommended that a similar amount to that voted at the last Annual Meeting be awarded to the Directors and Auditors for their services.

It will devolve on this Meeting to re-elect Messrs. BRAND, MURISON, and MANUEL as Directors, who have been the only Members nominated; also to appoint two Auditors in the room of Messrs. HERMAN and HOFMEYR, who are eligible for re-election.

CHARLES BELL, Chairman.

NOTICE is hereby given that application will be made to the Colonial Parliament, during its present Session, for an Act of which a Copy is subjoined.

Dated at Cape Town, this 18th day of June, 1868.

Attorney for the King William's Town Stock and Produce Company (Limited).

BILL

FOR

Permitting certain Lands now standing enregistered in the Names of the Trustees of the, King William's Town Stud Farm Company and the King William's Town Grand Stand and Race Course Company, to be transferred to the Trustees of a certain Company called the King William's Town Stock and Produce Company (Limited), freed from the Conditions and Restrictions mentioned and contained in the Grants of the said Lands, respectively, and for other purposes.

WHEREAS John Maclean, Esq., C.B., formerly Lieutenant-Governor of the Territories of British Kaffraria, &c., did, on the 24th day of February, 1863, grant on freehold unto John Clarke Perks, George Bellamy Christian, and George Prescott Perks, in their capacity as trustees of the King William's Town Grand Stand and Race Course Company, a piece of land containing two acres three roods and six-sixteenth poles, situate between King William's Town and Fort Murray, in the Territories of British Kaffraria, on the condition that no part of the said land should be alienated or disposed of without the consent of the Government first had and obtained, and that the same should be *bonâ fide* kept or used for the purposes for which the said company had been formed, and no other: And whereas, on the 30th day of November, 1863, the said John Maclean, Esq., as such Lieutenant-Governor, granted to the said trustees on freehold, another piece of land, containing six hundred and nineteen and two-twelfth acres, more or less, situated near King William's Town, with similar conditions to those hereinbefore mentioned: And whereas on the 6th day of January, 1866, His Honour Robert Graham, Esq., Governor's Deputy of the Territories of British Kaffraria, &c., granted in freehold unto John Spyron, the younger, George Bellamy Christian, and George Prescott Perks, as trustees of the King William's Town Stud Farm Company, a piece of land containing nine hundred acres, or thereabouts, situated in the King William's Town Division, with similar conditions to those hereinbefore mentioned: And whereas the said two companies have disposed of all their right, title, and interest in and to the said three freehold grants of lands unto the King William's Town Stock and Produce Company (Limited), which lastmentioned company has already expended a large sum of money—to wit, a sum of twelve thousand pounds sterling, and upwards,—in and upon buildings, machinery, imported stock, and materials, now upon the said lands; and purposes, when a sufficient and proper title to the said lands has been obtained to the said company, freed and discharged from the existing restrictions, to carry on very extensive farming, breeding, and other operations in and upon the said lands, and especially to establish a depôt for the shipment of horses to India: And whereas it is expedient that such an undertaking should be encouraged, and that any prohibitions or restrictions which might tend to encumber the operations of the said company should be removed: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall be lawful for the said Governor to grant, as of new, in freehold, or subject to such reasonable annual quitrent as he may see fit to impose, the said three pieces of land in the division of King William's Town, unto Andrew Lawrie, Esquire, of 10, Charles-street, St. James's-square, London; James Hall, Esquire, Naval and Military Club, London; and Robert Hay Murray, Esquire, of West-hall, Byfleet, in the County of Surrey, England, as the trustees of the said King William's Town Stock and Produce Company (Limited), or the trustees of the said company for the time being, and their assigns; and such grants, as of new, shall be free from any stipulations or restrictions other than those commonly provided or contained in freehold or quitrent grants in this Colony. And thereupon the said three grants of the 24th February and 30th November, 1863, and 6th January, 1866, shall be cancelled.

II. The said Governor may, if he shall see fit, grant on a similar tenure unto the said trustees, or the trustees for the time being, of the said King William's Town Stock and Produce Company (Limited), or their assigns, a piece of land on the Thomas River, in the division of Queen's Town, not exceeding in extent five thousand acres, for the purpose of enabling the said company to form a depôt, at a spot free from horse-sickness, for the rearing of young horses for the Indian market, and for washing wool, and other purposes.

III. All custom duties which might by any law now existing be chargeable upon machinery, implements, pipes for irrigation, and other materials imported by the said company, and used *bonâ fide* for the purposes of their improvements and general operations, and not for sale or barter, shall be, and the same are hereby remitted.

THE Corporation of this City having drawn out the following Regulations, in terms of the provisions of Clause 14 of the Act No. 1 of 1867, hereby direct their publication prior to being transmitted to His Excellency the Governor.

By order of the Town Council,

JNO. A. ROOS, Secretary.

Town-house, 13th July, 1868.

Regulations for the Municipality of Cape Town, relativ to the Election of the Town Council, their Proceedings, the Appointment of Officers, and their Duties, respectively.

1. Whenever the Mayor shall have been elected by virtue of the twelfth clause of Act No. 1 of 1861, he shall officially, and in writing, inform the Colonial Secretary, for the information of His Excellency the Governor, of his appointment, stating also the names of such Councillors as have been duly elected, and have accepted the office; and a similar notice, signed by the Mayor, shall also be given to the public through the *Government Gazette* and such other public paper as the Council shall deem fit.

2. The Town Council shall hold their ordinary or stated meetings for transacting the affairs of the municipality in the Town-hall, with open doors, once every week, on such day and at such hour as two thirds of the members of the Town Council may determine; and shall be entitled to make rules for the proper conducting of the proceedings at their meetings, and to alter any existing rules from time to time as they may deem fit.

3. It shall be competent for the Mayor, or to any three Councillors, to convene an extraordinary (special) meeting of the Town Council on any other day whatever, as they shall deem fit; but every such meeting shall be holden in the Town-hall, with open doors, and no other business be transacted thereat except such matters as are connected, with the object for which the meeting is convened, notice of which object shall be stated in writing under his or their hands.

4. It shall be competent for the Town Council to appoint a secretary, treasurer, engineer, clerk, messenger, and such other officers as they may deem necessary to carry into effect the various duties connected with the municipality.

5. The treasurer, and every other officer appointed by the Town Council, shall daily attend at the office of the municipality (Sundays and holidays excepted), from nine o'clock in the morning until three o'clock in the afternoon; and at such hours, either by day or night, as in cases of urgency the Mayor may think necessary; and shall not be engaged, either directly or indirectly, in any other business, trade, or profession.

6. Whenever any officer shall have been appointed, official information thereof in writing, and signed by the Mayor, shall be given to the public through the *Government Gazette*.

7. The treasurer appointed by the Town Council shall, before entering upon his office, in virtue of the thirty-fourth clause of Act No. 1 of 1861, pass a bond under his personal security, and two other sureties, to be approved of by the Town Council, in a sum of £500 for himself and £250 for each of his sureties, for the due discharge of his office.

8. The treasurer shall, at every ordinary meeting of the Town Council, lay upon the table the accounts of the collector or collectors, to be rendered to the treasurer, in terms of the forty-seventh clause of Act No. 1 of 1861.

9. The collector or collectors shall deposit all sums of money received by him or them under the forty seventh clause of Act No. 1 of 1861, in such public bank as the Town Council may from time to time direct. And it shall be the duty of the treasurer from time to time to examine the different deposits made by the collector or collectors in such bank, on account and in the name of "The Municipality of Cape Town," and to ascertain the name or names of the collector or collectors by whom the deposits have been so made; and on finding any delay or neglect on the part of the collector or collectors in making such deposits, immediately to report it to the mayor for the time being.

10. It shall be the duty of the secretary to attend all meetings of the Town Council, whether stated or special, and to enter in a book, to be styled the "Minute Book," a true and faithful account of all acts, orders, and proceedings of the said Town Council at such meetings, which, at the close of every meeting, shall be signed by the Mayor, or person presiding at such meeting, and any two of the Councillors present; and a fair copy thereof having been first read and approved of, at the next meeting it shall be transcribed by him in a book called the "Record Book," and be signed by the Mayor, or person presiding at such meeting, and any two of the Councillors present, as confirmed, and constitute the record of the said Town Council.

11. The secretary shall take due and proper care of all books, papers, and documents belonging to the municipality, and be accountable for the same to the Town Council, with the exception of such books, papers, or documents as, by the provisions of Act No. 1 of 1861, or any municipal regulations, shall have been given in charge of or belonging to the department of the treasurer, or any officer or person for such purpose appointed.

12. The secretary shall receive in the office of the municipality all such accounts, reports, statements, complaints, informations, applications, or otherwise, which by the provisions of Act No 1 of 1861, or by any other municipal regulations are to be forwarded or made to the Town Council, and shall forthwith make due entries thereof in books to be kept for that purpose, and shall submit the same to the Town Council at their next ensuing ordinary meeting.

13. The collector or collectors to be appointed by the provisions of the forty-fifth clause of Act No. 1 of 1861 shall receive for their trouble such remuneration as the Town Council shall deem sufficient, and shall also give security to an amount of £300 for the due execution of their offices.

15. And in order that such "Registry Book" be properly kept, the Town Council shall appoint one or more persons, at such remuneration as they may fix, who shall, under an order in writing signed by the Mayor, or the secretary to the Town Council, require all proprietors and occupiers of houses, warehouses, counting-houses, apartments, stores, shops, cellars, stables, lands, or offices, respectively, situate within the municipality, to furnish to them on the premises occupied by them, respectively, upon application to that effect, their own name or names, together with the name or names of all persons residing with them or on any part of the premises attached to their dwelling, or belonging to the family of the occupier, or employed in his or her service, or lodging with such occupier,—not including, however, occasional visitors,—distinguishing them by name and their respective ages, and distinguishing all married, unmarried, widows, or widowers; and for this purpose a sufficient number of printed forms shall be left at the houses of the respective occupiers to be filled up; and any person who shall neglect or refuse to give the whole or any part of the information hereinbefore specified, or shall knowingly make any false return of any particulars herein required, shall for every such offence be liable to a fine not exceeding five pounds.

18. No undertaker or other person shall enclose a corpse in any coffin, or otherwise prepare the same for burial, and no minister or other person shall bury such corpse, until the relatives, friends, or other persons as aforesaid shall have exhibited to him the certificate of the secretary to the Town Council referred to in the last preceding clause of these regulations, except in cases where Sundays and public holidays intervene, when it shall be lawful for the aforesaid relatives, friends, or other persons to proceed with the burial without such certificate: Provided, however, that in every such case the certificate must be obtained on the following day; and every minister, undertaker, or other person as aforesaid contravening this regulation shall forfeit a penalty not exceeding five pounds, and in default of payment shall be imprisoned for a term not exceeding one calendar month.

19. It shall be the duty of the secretary to the Town Council to frame from the several "Registry Books" a complete alphabetical list of the inhabitants, occupiers, and inmates, as before specified, which book shall be open for inspection of the public at all reasonable times, at the office of the municipality, without fee or reward.

20. It shall also be the duty of the Town Council to cause the name of each public street, road, or lane, or other public passage or place to be painted, or otherwise described, at each corner thereof, and under it the number of the district; and also to cause every house, store, or dwelling in the several public streets, roads, lanes, or other public passages or places to be properly numbered, and such number placed in front thereof, at the expense of the municipality.

21. The Town Council shall cause wagons or carts to be provided for the purpose of passing through the town, within the limits of the municipality, at such times, either by day or night, as they shall deem expedient, for carrying away all dust, ashes, soil, filth, as well as the sweeping of the gutters; for which purpose they shall employ or cause to be employed a sufficient number of scavengers.

22. The Mayor shall attend the first meeting of the Town Council to be holden after every annual election of Councillors, for the purpose of delivering over to the newly-elected Mayor all matters and things which he shall have been entitled to hold by virtue of his office.

24. It shall be the duty of the Town Council, and they are hereby authorized, from time to time, or as often as they shall be thereunto requested by the Governor of the Colony for the time being, to transfer and make over such portions of the waste lands of the municipality as may be required for the erection of any building to be used exclusively for general colonial purposes—namely, houses of parliament and public offices.

Regulations with reference to the Valuation of Immovable Property.

1. As soon as the valuation of the immovable property shall have been made, as required by the eightieth clause of the Act No. 1 of 1861, the same shall be laid before the Town Council, and such valuation having been approved of by the Town Council, a notice, signed by the secretary, shall forthwith be given to the several proprietors stating the amount at which their respective properties have been valued.

2. It shall be competent to any such proprietors aforesaid, within fourteen days after such notice, to lodge with the secretary of the municipality his objections, in writing, against the aforesaid valuation, and the Town Council shall thereupon fix a day for hearing and determining thereon; and after such determination, or in case no such objection shall have been lodged, the valuation shall be considered fixed and binding upon the parties until the next general valuation. Be it, however, understood that nothing herein contained shall authorize the Town Council to levy any rate upon either occupiers or proprietors of immovable property appropriated for the purpose of places of public worship, charitable institutions, public and other schools supported by public contributions; and it shall be compulsory upon all proprietors disposing of landed property within this municipality to give notice thereof to the secretary, stating to whom sold, and failing so to do shall remain liable for the rates until such notice is given; and the proprietors of all immovable property on the first day of January of each year shall be liable for the rates for that year.

2. The market buildings, and all matters and things concerning the sale of the articles above enumerated, are placed under the superintendence of market-masters, to be appointed by the Town Council.

3. Every market-master, before entering upon the duties of his office, shall be bound to give security in a sum of seventy-five pounds sterling, and to find two personal sureties, each in a sum of fifty pounds sterling, for the proper discharge of his duties and for the due payment of all moneys which may come into his hands as market-master.

4. Every market-master shall have under his immediate direction as many clerks, auctioneers, and other functionaries as may be found requisite to carry on the business of the market; such functionaries to be severally appointed by the Town Council.

5. The market-masters and other functionaries shall not be allowed to purchase or sell for their own account, or be directly or indirectly interested in the sale or purchase of any colonial produce, meat, live-stock, or cattle sold on any market within the municipality, except for their private consumption only; and every market-master or other functionary found to be interested in such sale or purchase shall, after due inquiry and conviction, be liable to be dismissed from his office.

6. The market shall be open during every day of the year (Sundays, Good Fridays, New Year's and Christmas days excepted) from daybreak, so as to allow wagons to pass; but no sale or any other business shall be done on the market except from sunrise until 11 o'clock a.m., and from 2 p.m. until 4 p.m., from the 1st of April to the 30th of September, and from 2 o'clock p.m. until 5 o'clock p.m. from the 1st of October to the 31st of March.

7. The driver of every wagon, dray, or cart shall be obliged upon entering the market to give a true and correct account of the contents of his wagon, dray, or cart to a registering clerk to be appointed for that purpose, whose duty it shall be to make a true and correct entry of all such produce or contents as reported in a book to be kept by him, and to give a copy or extract of such entry, according to a form to be provided for that purpose, duly attested by his signature, to the person in charge of the said wagon, dray, or cart, and such person shall be bound to deliver such extract or copy to the market-master at the place appropriated for the public sale or weighing of such produce or contents of each wagon, dray, or cart. And no produce or any other article shall be sold in the town market except the same be entered upon the extract or copy of the registry so delivered by the registering clerk duly signed by him. And every person who shall contravene this regulation shall be liable, upon conviction, to a fine not exceeding the sum of ten pounds.

8. No colonial produce, meat, live-stock, or cattle shall be allowed to pass through any of the markets without being previously registered as aforesaid, whether such produce, meat, live-stock, or cattle be brought there to be sold or intended to be taken into town for sale, storing, or consumption; and the proprietor or driver of every such wagon, cart, or dray shall be liable, upon contravening this regulation, to a fine not exceeding the sum of three pounds sterling. But all produce, meat, live-stock, or cattle, after the same has been publicly sold in the market, as hereafter mentioned, shall be delivered before sunset of the day of sale, by the vendor, at the house or stores of the purchaser, situated within any part of the municipality, at the vendor's expense and risk, unless otherwise specially agreed upon, or publicly notified by the market-master at the time of sale; and every person failing to comply with this regulation shall forfeit a penalty not exceeding ten pounds sterling; and the market-master shall be responsible for the due payment of all sums of money at which the several articles are so publicly sold on the market, and shall be entitled to a lien upon such articles until the same shall be paid or otherwise arranged for at the market to the satisfaction of the vendor.

9. It shall be the duty of the market-masters to enter in a book to be kept by them all articles brought on the market, as certified by the extract furnished by the registering clerk, and to put up for public sale and competition, with the assistance of one or more auctioneer to be appointed for that purpose (who is and are hereby authorized to hold such sales without requiring any special or other licence), all produce, meat, live-stock, or cattle, in any quantities the proprietor or driver of any wagon, cart, or dray may desire to have put up; and they shall make true and correct entries in their aforesaid books of all produce, meat, live-stock, or cattle thus entering the market, specifying in separate columns (to be kept for that purpose in their said books) all such produce, meat, live-stock, or cattle as shall be there sold, or which may pass the market unsold.

10. It shall be the duty of the market-master or registering clerk, and he is hereby authorized and directed, to give to the proprietor or driver of every wagon, cart, or dray a ticket or pass, signed by the said market-master or registering clerk, allowing such wagon, cart, or dray to go through the market, which said ticket or pass is to be delivered to a person stationed in the market for the purpose of receiving the same; and every proprietor or driver of every such wagon, cart, or dray who shall pass or attempt to pass through the market without exhibiting such ticket or pass to the person stationed for the purpose of receiving the same shall be liable to a fine not exceeding the sum of ten pounds sterling.

11. It shall be the duty of the market-master and registering clerk, respectively, to deliver to the secretary of the municipality, on or before twelve o'clock in the morning of the day next after that on which all colonial produce, meat, live-stock, or cattle shall have passed through the market, true and correct lists of all such entries of the preceding day; and the said market-master and registering clerk shall, moreover, at the same time pay into the hands of the treasurer to the municipality all sums of money received by them on the preceding day as dues or fees.

12. It shall be the duty of the market-masters, and they are hereby required, to take cognizance of and settle all differences and disputes arising between the vendors and purchasers touching all sales effected on the markets, and their award or finding shall be deemed binding upon the parties so appealing to them for their decision; subject, however, to any appeal or complaint from either party made in writing to the Town Council, whose finding shall be final and decisive. But the market-masters are hereby expressly interdicted from intermeddling with or taking cognizance of any difficulties arising between the parties touching any sales not effected before them in the manner aforesaid.

13. It shall be the duty of the treasurer minutely to examine the accounts thus daily delivered to him by the said market-masters and registering clerks; and upon detecting any error or omission therein, or in either of them, to report the same to the Town Council at their next meeting, and upon finding the said accounts to be correct, to receive the amounts, and to make an entry thereof, and to pay over on the same day all such moneys in such of the public banks as the Town Council may from time to time direct; and the treasurer shall la before the Town Council at their stated weekly meetin

15. The market-master shall be provided with all standard weights and measures to regulate all purchases made; and with Cartier's or other approved hydrometer, to ascertain the strength of all Cape brandy sold on the market, of which the market-master shall, if required, grant certificates, and register the same in his aforesaid books.

16. In case any disputes arise between the vendors and purchasers in respect of weights and measures of articles purchased on the market, they, or either of them, shall be at liberty to have the same weighed and measured at the Town-house, and there decided by a person to be appointed for that purpose by the Town Council, whose decision shall be final; but purchasers must make themselves acquainted with the quality of articles previous to bidding for the same, and the price offered must be paid by the purchaser without any deduction or delay.

17. The driver of any wagon or four-wheeled carriage shall, immediately upon receiving the certificate from the registering clerk referred to in section 7 of the above regulations, pay a sum of six pence sterling for such registry, and, the driver of any cart or two-wheeled carriage the sum of three pence sterling; and it shall be lawful for the registering clerk to refuse such certificate unless such payment be instantly made in cash.

18. The driver of every wagon, cart, or dray, or the proprietor of all produce, meat, live-stock, or cattle, brought into the markets, shall, moreover, pay to the market-masters such fees or dues as are set forth in the annexed tariff or list; and all public sales effected on the market of such produce, meat, live-stock, or cattle shall be through the market-masters or their assistants only. And it shall be lawful for the market-masters, and they are hereby required, to detain all such produce or other articles, or any meat, live-stock, or cattle brought into the markets, unless the said fees or dues are instantly paid on demand: Provided, however, that nothing herein contained shall prevent any person bringing any produce, live-stock, or cattle on the markets to sell the same by private contract upon payment of the fees as aforesaid.

19. It shall be the duty of the treasurer to lay upon the table at an ordinary meeting of the Town Council, within eight days after the expiration of every month, an abstract of all produce, meat, live-stock, and cattle passed through the market during the preceding month.

20. It shall be the duty of the market-masters and other market officers so to place the different wagons, carts, and drays containing articles to be sold upon the market, that wagons laden with grain be stationed at one side of the market, chance wagons at the other side, and wagons laden with articles sold by weight in the centre of the markets near the scales; thereby leaving a free passage for wagons to pass through the markets; and every person refusing to comply with this regulation shall be liable, upon conviction, to a fine not exceeding the sum of twenty shillings sterling.

21. It shall be the duty of every such proprietor or driver of a wagon, cart, or dray, after having taken such place as aforesaid, to repair to the registering clerk's office and report to the clerk the contents of his wagon, cart, or dray; and every person neglecting to comply with this regulation shall be liable, upon conviction, to a fine not exceeding ten pounds sterling.

22. No person shall be allowed to ride, drive, or lead upon the markets, any horse, ass, mule, or other animal, except such horse, ass, mule, or other animal be taken to an enclosure or stand to be pointed out by the market-masters,—nothing herein contained, however, to affect horses or other animals employed in bringing goods to market; and every person who shall bring such horse, ass, mule, or other animal upon the markets, or who shall refuse, on demand by any of the police or market-officers, to take such horse, ass, mule, or other animal to such enclosure or stand as aforesaid, shall be liable, upon conviction, to a penalty not exceeding the sum of twenty shillings sterling.

23. 24. Every person knowingly and wilfully inducing any proprietor, his agent, or driver of a wagon, cart, or dray, to contravene any of the above market regulations, shall be liable, upon conviction, to a fine not exceeding ten pounds and not less than one pound.

8. The superintendent shall cause a connecting pipe to be attached to the nearest main or service pipe, with the necessary cocks to regulate the supply allowed to every dwelling-house, and the proprietor of the same shall defray the expense of such work, to be accounted for by the superintendent in his account, the said pipes and cocks not to extend beyond the street or public way, to which no person but those appointed by the superintendent shall have a right of access; the continuation of pipes from the said cocks, to convey the water into such premises, to be done by any person he, the proprietor, may think fit to employ, not being in the service of the waterworks department. 9. It shall also be the duty of the Town Council, upon an application being granted of a waterleading for irrigating garden grounds, or for the use of any of the municipal streams of water, or for any other purpose whatsoever, to cause a sluice to be fixed, and a gutter to be laid from each side of such sluice, at the spot where the water is to be turned into such garden, mill, or other property belonging to the applicant, who shall defray the expense of such work; such sluice and watercourse to be under the sole control of the said superintendent, or those appointed by the Town Council.

10. It shall be the duty of every person having obtained a waterleading beyond the quantity specified in the fifty-sixth clause of the Act No. 1 of 1861, or the use of any of the municipal streams of water, for either of the above purposes, to pay to the treasurer, or such other person as shall be appointed for that purpose by the Town Council, such a sum of money per annum for the same as shall be fixed by the Town Council in terms of the provisions of the fifteenth clause of the Act No. 1 of 1867: Provided, always, that in case any such application as aforesaid be acceded to on or between the first January and 31st March, the said applicant shall be obliged to pay for the whole of that year; if acceded to on or between the 1st April and the 30th June, the applicant shall pay for three quarters of that year; if acceded to on or between the 1st July and the 30th September, the applicant shall pay for the half year; and, finally, if the application be acceded to on or between the 1st October and 31st December, the applicant shall pay for one quarter of the year only; and every person who shall have obtained such supply of water shall be at liberty to divide and distribute the same on his property as he may think proper; and provided, further, that no reduction, stoppage, or decrease shall in any way affect the amount payable as abovementioned for that year, or render the municipality liable for any damages which may have accrued by reason thereof.

11. It shall be the duty of the treasurer, in the month of February of each year, or so soon as the rate shall have been fixed, to notify to all persons having a waterleading beyond the quantity allowed free of charge, or the use of any of the municipal streams of water, the amount due by them for the same during that year; and if such amount be not duly paid to the treasurer, or such other officer as shall be appointed for that purpose, in the month of March, or so soon after as may be required, the Town Council shall be and they are hereby authorized and empowered to stop such supply of water, or to proceed to law for the recovery of the rate, as they may deem necessary: Provided, however, that all intermediate grants, as in the tenth section provided, shall be paid for one month after the application shall be acceded to; and, further, that no such stoppage of the supply in consequence of non-payment of the amount due for such waterleading, or for the use of any of the municipal streams of water, shall exempt persons from the payment for the whole year; and provided, lastly, that all grants now made, or hereafter to be made, to any church, chapel, or place of public worship, or to any charity school, shall be, and the same are hereby declared to be, exempt from payment of any rate now in force, or which may hereafter be fixed or determined on; such grant of a private waterleading not exceeding in quantity one hundred gallons per diem, and shall be liable to the control and regulations as the grants now made to and paid for by private householders.

13. It shall also be the duty of every such person, upon leaving any house, store, garden, mill, or other property to which a waterleading or the use of any municipal stream of water had been allowed to give notice thereof to the Town Council, and to request that such waterleading or the use of any such stream of water may be discontinued; and every person refusing or neglecting to give the notice as aforesaid shall be and remain liable for the payment of the amount due for the same as aforesaid, until such notice shall have been given.

14. It shall be the duty of the superintendent, foremen, overseers of watercourses, artificers, and labourers employed in this department to attend and assist at all times in cases of fire.

16. Nothing in these regulations, or in any of them, contained shall be deemed or taken to impair or affect in any manner or degree any legal right which any individual may, at the time of the taking effect of the same, possess as owner or occupier of any house or place, or otherwise, to the property or use of any water rising or being within the municipality; and every interference with such right, or alleged right, which shall take place under the provisions of these regulations, shall be judged of in all respects as if these regulations never had been passed.

De Direkteuren melden met veel genoegen, dat het Agentschap in London voortdurend goede uitkomsten oplevert onder het bestuur van den Heer GEORGE GREY.

Verder wordt aanbevolen om een gelijk bedrag als verleden jaar daarvoor werd toegestaan, af te zonderen als eene belooning voor Direkteuren en Auditeuren.

De Direkteuren die nu aftreden, zijn de Heeren F. PORTER, P. G. VAN DER BIJL en E. LANDSBERG, die allen herkozen kunnen worden. De Auditeuren, de Heeren D. MILLS en J. R. MARQUARD, treden ook bij deze gelegenheid af en zijn herkiesbaar.

BILL

TO

Declare void certain Laws imposing Disabilities on certain Persons and Bodies on account of their Religious Persuasions, and to amend Ordinance No 68.

(Introduced into the Legislative Council by His Excellency the Governor.)

WHEREAS certain restrictions, disabilities, and penalties have in times past been imposed by certain laws formerly in force in the Dutch Republic and in this Colony, upon certain religious communities and orders, and upon certain persons, by reason of such communities, orders, and persons holding and professing certain religious opinions, which laws have become obsolete in this Colony, but have never formally been repealed: And whereas it is expedient that such laws, so far as the same impose any such restrictions, disabilities, and penalties as aforesaid, should be formally declared to be null and void, in order by such declaration to place on an equal footing before the law all religious denominations: And whereas certain restrictions, disabilities, and penalties are by certain provisions of Ordinance No. 68, entitled "An Ordinance for the relief of His Majesty's Roman Catholic Subjects in this Colony," imposed on certain persons of the Roman Catholic persuasion in respect of such persuasion, which provisions have fallen into disuse, and it is expedient for the reasons abovementioned that the same provisions should be repealed: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. The several sections of the said Ordinance, No. 68, following the second section thereof shall be and the same are hereby repealed.

II. All other laws heretofore in force in this Colony, if any, whereby any religious community or order, or any person whatsoever, is or was deprived of any rights or privileges in law, or whereby any penalties or disabilities are or were imposed upon such communities, orders, or persons by reason only of their religious belief or profession, are, so far as any such restrictions, penalties, and disabilities are or were imposed by the same, hereby declared to be null and void and of no effect.

III. No will or deed or other instrument executed by any person in favour of any religious community or order, or of any person, before the passing of this Act, shall be held to have been invalid by reason only of any such law as is hereby declared to be null and void; but such deed, will, or other instrument shall not be saved by this enactment from any invalidity or legal cause of defeasance other than an invalidity or cause of defeasance arising by reason of some law hereby declared null and void.

IV. No person shall after the passing of this Act be brought in question for or in respect of any penalty already incurred under any law hereby declared null and void or hereby repealed.

V. This Act may be cited as the "Disabilities Removal Act, 1868."

Published by order of the Council, 20th July, 1868.

Clerk of the Council.

be open to all of Her Majesty's subjects whether of the United Kingdom, India, or the Colonies, who do not exceed the age of twenty-six years, and be held either for two or three years, as experience may prove to be desirable; that ten Scholarships should be competed for and awarded in May, 1869, at the annual national examinations in Science, provided that a sufficient number of candidates prove themselves to be competent: that the successful candidates should be required to spend the period of holding the Scholarships in the further satisfactory prosecution of the studies and practice of Mechanical Engineering, and pursue their studies according to the spirit of the endowment, making periodical reports of them; that the student should state where he proposes to pursue his studies, the Lord President of the Council deciding if the proposal can be allowed, also if the student's progress be satisfactory, and the manner in which it shall be tested from year to year. In deciding if the plan of study proposed by the student be satisfactory, as much latitude as possible may be allowed. If the student wish to complete his general education instead of continuing his special scientific study, he may be permitted to do so. He may go to the Universities or Colleges affording scientific or technical instruction, or he may travel abroad. The successful artisan should be encouraged to study Theory, and the successful competitor in Theory aided in getting admission to machine shops and other practical establishments. All further details would be hereafter prepared and issued by the Science and Art Department.

III. The candidates must be of sound bodily constitution.

IV. The first competition should be in the following theoretical subjects:—

1. Mathematics (elementary and higher).
2. Mechanics (theoretical and applied).
3. Practical Plane and Descriptive Geometry, and Mechanical and Freehand Drawing.
4. Physics.
5. Chemistry, including Metallurgy.

And in the following handicrafts:—

1. Smith's-work.
2. Turning.
3. Filing and Fitting.
4. Pattern-making and Moulding.

V. No candidate should obtain a Scholarship who has not shown a satisfactory knowledge of all the following theoretical subjects:—

1. Elementary Mathematics.
2. Elementary Mechanics.
3. Practical Plane and Descriptive Geometry, and Freehand Drawing,

with the power to use one or more of the following classes of tools:—

a. The Axe.
b. The Saw and Plane.
c. The Hammer and Chisel.
d. The File.
e. The Forge.

I propose that the maximum number of marks obtainable in the theoretical subjects and those obtainable by the most skilled workman should be about equal.

VI. My object in devising the foregoing scheme has been, while requiring a practical acquaintance with a few simple tools as a *sine qua non*, to render the competition accessible on fairly equal terms to the student who combines some practice with his theory, and to the artisan who combines some theoretical knowledge with perfection of workmanship.

Preparatory Exhibitions of £25 for the year 1868.

VII. As the Scholarships scheme can only come into full operation by degrees, I propose from the fund ultimately available for the scheme at once to create sixty Exhibitions or premiums, of the value of £25 each, tenable until April, 1869, and to place them at the absolute disposal of the governing bodies of the following Educational Institutions and Towns, in order that they may award them to youths under twenty-two years of age, who may thus be aided to qualify themselves, and must undertake to compete for the Scholarships of £100 in May, 1869.

VIII. 8 Exhibitions to Owen's College, and 2 to the Grammar School, Manchester, the seat of my Workshops.
3 University of Oxford.
3 University of Cambridge.
3 University of London.

And one to each of the following Universities, Colleges, and Public Schools:—

University of Durham,
University of Dublin,
University of Edinburgh,
Watt Institution, Edinburgh,
University of Glasgow,
Andersonian University, Glasgow,
University of St. Andrew's,
University of Aberdeen,
To each of the Queen's Colleges at Belfast, Cork, Galway, Ireland,
King's College, London,
University College London,
Eton,
Harrow,
Rugby,
Charter House,
Westminster,
Winchester,
St. Paul's, London,
Merchant Tailors,
Christ's Hospital,
City of London,
Shrewsbury,
Marlborough,
Cheltenham,
Chester,
Clifton,
Brighton,
Liverpool.

2 to the College of Preceptors,
3 to the Science and Art Department.

I propose that the following Exhibitions shall be given to Artisans only:—

3 to the Society of Arts,

Also one for Artisans to each of the following towns:—

Birmingham,
Bristol,
Swansea and Cardiff,
Huddersfield, or Halifax,
Leeds,
Northampton,
Sheffield,

and if there be any of the above unapplied, they may be given by the Science and Art Department to any other Scholastic institution which makes satisfactory arrangements for affording instruction in Mathematics and Mechanics, Freehand and Mechanical Drawing.

IX. I would point out that the Exhibitions to Artisans may perhaps be increased to £50 for the year by connecting them with the Science and Art Department, under the Minute of the 21st December, 1867.

(Signed) JOSEPH WHITWORTH.

Manchester, 4th May, 1868.

MINUTE ON MR. WHITWORTH'S OFFER TO ENDOW SCHOLARSHIPS.

At Whitehall, the 27th day of March, 1868.

By the Right Honourable the Lords of the Committee of Her Majesty's Most Honourable Privy Council on Education.

My Lords consider Mr. Whitworth's letter to the First Lord of the Treasury, dated 18th March, 1868, In this letter Mr. Whitworth offers to found thirty scholarships of the annual value of £100 each, to be applied for the further instruction of young men, natives of the United Kingdom, selected by open competition for their intelligence and proficiency in the theory and practice of Mechanics and its cognate sciences, with a view to the promotion of Engineering and Mechanical Industry in this country; and he expresses hopes that means may be found for bringing Science and Industry into closer relation with each other than at present obtains here.

It is unnecessary now to repeat the thanks which the First Lord of Her Majesty's Treasury and the Lord President of the Council have already conveyed to Mr. Whitworth for his generous offer, which they are convinced the country will fully appreciate.

Mr. Whitworth proposes that these scholarships should be tenable on conditions to be defined by a deed of trust regulating the administration of the endowment fund during his life, and that thereafter the management of this fund, subject to the conditions specified therein, should rest in the Lord President of the Council or other Minister of Public Instruction for the time being.

It is the wish of my Lords to see provision made in several large centres of manufacturing industry in the United Kingdom for affording to all classes of Her Majesty's subjects ample opportunities for acquiring instruction in the Sciences which are applicable to productive industry. My Lords are of opinion that by the union of local and private efforts, supplemented as far as is proper by State assistance, this provision will be best made.

This will be rendered easy if the munificent example set by Mr. Whitworth shall be extensively followed by others.

My Lords will be happy to receive any further suggestions from Mr. Whitworth should he desire to make them, and to be informed if the Department can render him any assistance in carrying out his liberal intentions.

SIXTH ANNUAL REPORT OF THE Malmesbury Agricultural & Commercial Bank.

THE DIRECTORS of the MALMESBURY AGRICULTURAL and COMMERCIAL BANK have much pleasure in submitting to the Shareholders the following satisfactory statement of the transactions of the Bank during the past year.

After deducting the ordinary charges of Management, Interest, Licence, Rent, &c., &c., and providing for the annual addition of £129 to the Reserve Fund, the Net Profits amount to £1,166 11s. 2d. Your Directors propose that a Dividend of eight per cent. on the paid-up Capital be declared, which will absorb £1,046 8s. 6d., leaving a balance of £120 2s. 6d.

It is recommended that from this amount the sum of £23 2s. 6d. be appropriated as a further addition to the Reserve Fund, which will then stand at £1,150. The balance of £97 may be offered to the Directors and Officers, especially as they have declined the usual remuneration offered to them last year.

It will be seen from the Profit and Loss Account that Bad Bills to the amount of £85 11s. have been written off. Your Directors, however, consider it their duty to state that, after a very careful examination, they are of opinion that there are Doubtful Bills to the amount of about £150 still on the Bank Books. As the capital of the Institution, however, is fully employed in the discount of first-class Bills, and the yearly interest on Fixed Deposits has been reduced by one per cent., this anticipated loss will not materially affect next year's dividend.

As a proof of the continued confidence reposed by the Public in this Institution, the Shareholders need only refer to the increase (nearly £8,000) in the Fixed Deposits, notwithstanding the rejection by the Directors of all Deposits bearing six per cent., and also the amount of Note circulation which within £15 represents the total circulation as authorized by the Trust Deed.

The Bills under Discount show a corresponding increase.

The Directors who retire by rotation are Messrs. H. J. SMIT, A. H. MOORREES, and F. DE LETTRE BICCARD, and they have been duly nominated for re-election.

It will now be the duty of the Shareholders to proceed to ballot, and to take into consideration the advisability of effecting some changes and amendments in the Trust Deed as proposed by certain Shareholders, and fully described in the *Government Gazette*.

The Dividend will be payable on the 5th of August next.

F. DE LETTRE BICCARD, Chairman.

12. It shall be the duty of every person within the municipality having the use of any of the streams of water allowed to him to keep all sluices and gutters by which such water is supplied in good repair, in order to prevent every waste of water; and it shall be the duty of every person having a waterleading, under the provisions of the fifty-sixth clause of the Act No. 1 of 1861, to provide and keep in good repair a proper water-cask or tank, with the necessary cocks and other requisites, for the reception of the water, of sufficient capacity to contain the quantity supplied; and the said superintendent of waterworks, or any other person or persons specially appointed by the Town Council for the purpose, are hereby authorized and empowered, at all reasonable times, to enter upon the premises of such resident, and to see that no waste of water is wilfully made, and that the quantity supplied is in accordance with that registered at the Town-house; and it shall be the duty of such superintendent, or other person as aforesaid, after having given due warning to prevent such waste, and such warning not being attended to, to report the same forthwith to the Town Council at the Town-hall.

In order to regulate the width and direction of new streets and other thoroughfares, and to ensure regularity in the erection of buildings, so as to promote the health and comfort of the inhabitants, the proprietors of all land wishing to subdivide the same in building lots for the purpose of erecting buildings thereon, and to form new streets or other thoroughfares, shall be obliged, before doing so, to have a proper plan prepared of such property, showing the size and position of each of such building lots, and the width of each of the proposed streets or other thoroughfares, and to submit such plan to the Town Council for their approval or amendment; and it shall be the duty of the Town Council, upon the receipt of every such plan as aforesaid, to depute one or more of their number, or to appoint some other duly qualified person, to examine such plan, to inspect the property, and to report thereon to the Town Council with all convenient speed; and the Town Council shall, upon the receipt of such report, approve of or amend such plan in such manner as may to them appear desirable; and no auctioneer or other person shall be allowed to sell or otherwise alienate, either publicly or privately, any building lot forming part of land which shall have been subdivided after the passing of this regulation, of which the plan of subdivision shall not have been submitted to and approved of by the Town Council; and every person contravening this regulation shall for every offence be liable, upon conviction, to a penalty of not exceeding twenty pounds, or in default of payment to a term of imprisonment not exceeding three calendar months.

2. When any new building is being erected within this municipality, it shall be the duty of the person by whom or for whose account such building is so being erected to give notice, in writing, of his intention to do so to the Town Council, and submit a plan and specification of the proposed building: and the Town Council shall, upon the receipt of such notice, instruct the city engineer, or some other duly qualified person, to point out the line and direction of the street in which such building is to be erected; and it shall not be lawful for any person to erect any building as aforesaid without giving the notice and submitting the plan as mentioned in this regulation, or to interfere with the line and direction of the street as given by the city engineer or other officer as aforesaid, without the concurrence of the Town Council; and every person contravening this regulation shall for every offence be liable, upon conviction, to a penalty not exceeding twenty pounds, or in default of payment to a term of imprisonment not exceeding three calendar months; and the said Town Council shall, moreover, be empowered to remove or cause to be removed, at the expense of the proprietor, all buildings so interfering with such line and direction of the street as above mentioned contrary to the provisions of this regulation.

The Premiums are payable yearly in advance; or at the option of the Assured, half-yearly, with a slight increase of the Rate.

This being a MUTUAL ASSURANCE SOCIETY, the profits are not, as in Proprietary Companies, divided between the Partners and the Assured,—the *whole* belong to the Policy-holders.

The Profits are divided amongst the holders of Policies at the termination of every period of THREE YEARS, and each holder may determine that his share shall be added to the sum assured by him,—or converted into Present Payment—or applied in Reduction of the future Annual Premiums payable by him.

The last Division was declared at the Annual Meeting held on the 6th July, 1868. The Profits then divided were at the rate of 2½ per cent. per annum, or 7½ per cent. for the three years. Thus a Policy of £500, taken out before 1st November, 1865, has £37 10s., three years' Profits, added to it; a Policy of the same amount, taken out before 1st November, 1867, has £12 10s., one year's Profits, added; while the total accumulated Profits on a Policy of £500, taken out in 1845, the first year of the Society's existence, now amount to the large sum of £461 0s. 4d.

The next Division of Profits will take place in July, 1871.

Persons proposing for assurance will be required to produce *Certificates of Baptism*, or such other proofs of age as the Directors may deem to be satisfactory.

Candidates for assurance are *not* charged with fees payable to the *Medical Officers* of the Society.

Prospectuses, Forms of Proposal, and all information especting the Society may be obtained at the Office in Cape Town, or at any of the Agencies throughout the Colony.

BILL

TO

Amend the Act No. 12 of the Year 1867.

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS it appears that the rates payable under the provisions of the sixth section of the Act No. 12 of the year 1867, for licences to depasture stock on the waste lands of the Crown, are, in respect to some of the divisions of the Colony, in excess of the amount fairly chargeable for the same; and it is expedient to make other provision for fixing the said rates: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. The sixth section of the Act No. 12 of the year 1867 shall be and the same is hereby repealed.

II. It shall be lawful for the Governor, with the advice of the Executive Council, from time to time to prescribe by tariff the amount that shall be charged and payable in each division of the Colony, respectively, for licences to depasture stock, to be issued under the provisions of the said Act. And when the Governor shall be of opinion that a sufficient number of licences has already been issued, or that no licence should be issued for any particular locality, he may order that no further licences, or no licences, as may be, shall be issued for the same. In forming his opinion on the matters in this section contained, the Governor shall consult the divisional council of the division within which the lands to be depastured are situate; but it shall not be compulsory on the Governor to accept the advice of such council.

Published by order of the House of Assembly, 23rd July, 1868.

WHEREAS, by the 21st Section of the Act No. 9 of 1858, entitled "An Act to provide for the Management of the Public Roads of the Colony," it is enacted that it shall and may be lawful for the Governor of the Colony, at the request of any Divisional Council, to declare, by Proclamation, to be by him from time to time issued, what particular Roads shall be deemed and taken to be Branch Roads for the purposes of the said Act; and whereas the Divisional Council of Mossel Bay has requested that the line of Road hereinafter mentioned may be declared to be a Divisional Road for the Division of Mossel Bay, viz.:

WHEREAS it is expedient to amend in certain respects the Ordinance No. 16 of 1847, entitled, "An Ordinance for the better Regulation of Pounds and Prevention of Trespasses:" Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. So much of the Ordinance No. 16 of 1847 as is repugnant to or inconsistent with any of the provisions of this Act is hereby repealed.

II. No stallion above the age of two years which shall hereafter be lawfully impounded shall be released by the owner thereof, or sold out of the pound, without being previously castrated, unless such stallion shall be released under the provisions of the fifth section hereof.

III. Every such stallion not released under the provisions of the fifth section hereof shall be castrated by the poundmaster, or by some person employed by him at his own expense, and such poundmaster shall be allowed for the performance of this duty a fee of [ten shillings], to be recovered from the owner of such stallion, if known, or deducted from the proceeds of sale, should such animal be sold out of the pound: Provided, however, that no such fee as aforesaid shall be recoverable from the owner in respect of any animal which shall die in consequence of such castration.

IV. No stallion shall (except as hereinafter is provided) be castrated under the provisions of this Act until it shall have been impounded for at least five weeks; and any stallion not released by or on behalf of the owner thereof shall, subject to such regulations as may be in force at the date of such sale, be sold at the first sale of animals impounded in such pound occurring after the expiration of forty-five days from the date of such stallion having been impounded: Provided, however, that if the owner of such stallion shall give his consent, or shall decline to release it under the fifth section hereof, such stallion may be castrated forthwith, and shall be castrated without unnecessary delay should the owner thereof desire to release the same under the ordinary provisions of the law.

V. The owner of any stallion which may hereafter be impounded shall be entitled to release such stallion without its being castrated, upon payment of pound fees and other charges, and upon giving security, to the satisfaction of any resident magistrate or justice of the peace or field-cornet, for the payment of any fine or penalty and costs of suit recoverable under the fifty-first and fifty-fifth sections of the said Ordinance: Provided, always, that every such owner shall be entitled to tender to any person claiming any penalty under the fifty-first and fifty-fifth sections aforesaid, such sum as he shall consider adequate to cover such fine or penalty as aforesaid; and in the event of such tender being refused, the person claiming any such fine or penalty shall be condemned in the costs of such legal proceedings as he may afterwards institute, unless the court in which the same shall be pending shall find that such fine or penalty should exceed the amount so tendered.

VI. The provisions of this Act shall extend to any trespass committed, or pound erected, within any Municipality.

BILL

FOR

The Encouragement of the Breeding of Horses.

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS by two several deeds, bearing date, respectively, the 24th day of February, 1863, and the 30th day of November of the same year, the Lieutenant-Governor of British Kaffraria did grant in freehold to the Trustees of the King William's Town Grand Stand and Race-course Company two pieces of land, on certain conditions and for certain purposes: And whereas by a certain other deed, bearing date the 6th day of January, 1866, the Governor's Deputy of British Kaffraria did grant in freehold to the Trustees of the King William's Town Stud Farm Company a certain other piece of land, on certain other conditions, and for certain other purposes: And whereas it appears that the objects of the said grants can be better attained by the transfer, with the consent of the hereinbefore mentioned companies, of the said lands to other parties: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall be lawful for the Governor to grant in freehold the three pieces of land in the preamble to this Act mentioned to the Trustees of the King William's Town Stock and Produce Company (Limited), on the following conditions, that is to say: So much of the two pieces of land first hereinbefore mentioned as has heretofore been used as a public race-course shall be open to the public for use in like manner for such and so many days not exceeding ———, in each year, as the Governor shall from time to time appoint; and the piece of land last hereinbefor mentioned shall be used for the purpose of breeding and rearing horses; and on breach of any of the said conditions, the land to which the same shall apply, with all buildings that may have been erected thereon, shall be forfeited to Her Majesty for the use of the Colony; but nothing herein contained shall be construed to prevent the said trustees from using the said lands, or any part of the same, for such purposes, in addition to the purposes hereinbefore mentioned, as may not be injurious to such lastmentioned purposes.

II. When and so soon as the lands in the preceding section mentioned shall have been granted as aforesaid, the grants previously made by the Lieutenant-Governor and the Governor's Deputy of British Kaffraria of the same, respectively, shall be cancelled.

III. It shall be lawful for the Governor, if he shall see fit, to grant to the said trustees a piece of land on the Thomas River, in the division of Queen's Town, not exceeding in extent five thousand acres, on a lease for the term of twenty-one years, and on condition of payment of an annual rent of twenty-five pounds sterling, for the purpose of enabling the said trustees to form and maintain a depôt for the rearing of young horses; and at the expiration of the said term of twenty-one years it shall be lawful for the Governor, if he shall see fit, to grant the said land to the said trustees, subject to such reasonable annual quitrent as he may see fit to impose, on payment by the said trustees of the sum of ——— pounds.

IV. If, during the said term of twenty-one years, the land in the preceding section mentioned shall cease to be used for the rearing of horses; or if, during the said term, the conditions of the lease shall be violated; or if, at the expiration of the said term, the said trustees shall fail or refuse to pay the sum of ——— pounds, then, and in either such case, such land, together with any buildings that may have been erected thereon, and any improvements that may have been made of the same, shall revert to Her Majesty for the use of the Colony.

This Company having a Revenue from Premiums alone of One Hundred and Forty Thousand Pounds per Annum, is in a position to transact every description of LIFE ASSURANCE on as favourable terms as any *other Company* of equal standing.

Holders of Life Policies on the profit scale, who may hereafter fill confidential situations and require to be guaranteed, may secure considerable reductions in their life premiums, by making their life policies contingent on the continuance of fidelity.

Three fourths of the Profits are divisible amongst the Policy-holders on the "Profit Scale of Premiums," affording the advantages of Mutual Assurance, with the further security of a large subscribed capital, the prudent employment of which gives a greater ratio of increase to business and to profits than a purely Mutual Society can achieve.

Assurances are granted for £10,000 on a single life

Premiums may be paid in one sum, or yearly, or by half-yearly, or quarterly instalments.

Policies upon which five years' payments have been made, are purchased by the Society or the Policy-holders, if unable to continue paying, may receive fresh Policies in exchange (on which no further payment is required), equivalent to the then value of the Premiums already paid.

On Policies amounting to £200 and upwards for the whole of life, one-half of the Premium may remain unpaid at Interest for five years.

No extra Premium charged for voyage to and residence in any part of Europe, New Zealand, Australia (except at the "Diggings,") the Cape Colony, or British America.

This is the only Society transacting Life Assurance with Fidelity Guarantee, whose Policies of Guarantee are authorized (by Special Act of Parliament) to be accepted by Government.

The Guarantee Policies of this Society are accepted by the Treasury, Poor Law Board, and other public departments, and by the leading London and Provincial Joint-Stock and Private Banks, the principal Railway Companies, Life and Fire Offices, Public Companies, Institutions, and Commercial Firms throughout the Kingdom

GOVERNMENT NOTICE.—No. 154, 1868.

Colonial Office, Cape of Good Hope, 20th May, 1868.

HIS Excellency the Governor has been pleased to direct the publication for general information of the following communication, addressed to Commodore RANDOLPH, upon the subject of a Shoal off Cape Point.

By command of His Excellency the Governor,

R. SOUTHEY,
Colonial Secretary.

Her Majesty's Naval Yard, Simon's Bay, 8th May, 1868.

Commodore GEORGE G. RANDOLPH, &c., &c.

SIR,—I beg to forward a plan of the Shoal N. W. of Cape Point, with the soundings taken in the *Africa* on the 1st and 2nd instant.

It appears to be a rocky ledge, about a mile in length and three quarters of a mile in breadth, trending nearly north and south in line with the Coast, the least water near the centre 10½ fathoms, gradually shelving off to 14, 16, and 20 fathoms to the westward. In-shore we obtained 12, 14, 16, and 18 fathoms. It lies 1½ to 2 miles off shore, with Cape Point Lighthouse S.E. ¼ S. 6½ miles, Polesberg E. by S., and Slangkop Point N. by E. ¼ E. 10 miles.

The Bank is in the fair way for Vessels passing round the Coast to and from Table Bay; and as the Cape Point Lightkeeper informs me that it breaks heavily in gales of wind, no Vessel should approach this part of the Coast within 5 or 6 miles in bad weather.

In very heavy southerly gales a continuous line of breakers has been observed from the ledge to the shore.

I have, &c.,

RICHARD C. DYER, Staff Commander.

HET heeft Zijne Excellentie den Gouverneur behaagd, tot algemeen narigt de publikatie te gelasten van de volgende bekendmaking, gerigt aan Kommodore RANDOLPH, betreffende een Zandbank op de hoogte van Kaappunt.

Harer Majesteits Marinewerf,
Simonsbaai, 8 Mei, 1868.

Kommodore GEORGE G. RANDOLPH, enz., enz.

MIJNHEER,—Ik heb de eer u te doen toekennen een plan van de ondiepte, ten noordwesten van Kaappunt, met de peilingen gedaan in de *Africa* op den 1sten en 2den dezer.

Het schijnt een rotsachtige verhevenheid te zijn van omtrent eene mijl in lengte en ¼ mij in breedte, zich nagenoeg noord en zuidwaarts uitstrekkende in één lijn met de kust; het laagste water nabij het midden is 10½ vademen en neemt in diepte toe tot 14, 16 en 20 vademen naar het westen. Aan de kustzijde peilden wij 12, 14, 16 en 18 vademen. De bank ligt 1½ tot 2 mijl in van de kust met den vuurtoren van kaappunt Z. O. ½ Z. 6½ mijl, Polesberg O. ten Z., en Slangkoppunt N. t. O. ½ O. 10 mijlen.

De bank ligt in den weg van schepen die de kust omgaan naar en van Tafelbaai; en daar de torenwachter aan Kaappunt mij berigt, dat er bij stormweer zware branding staat, moeten de schepen bij zwaar weder niet binnen 5 of 6 mijlen dat gedeelte der kust naderen.

In zeer zware zuidelijke stormen heeft men eene onafgebroken lijn van branding waargenomen van de bank naar de kust.

EEN VERLAREN KIND.

JAN MCKENDA, een gekleurde Knaap van omtrent 5 jaren oud, is in hulpbehoevenden staat achtergelaten door zijn Vader die van zijne doofstomme Moeder, MERA geheesten, en van hemzelven weggeloopen is. Hierbij wordt kennis gegeven, dat indien de gezegde knaap niet binnen zes weken van heden af door zijn Vader wordt geréclameerd, hij met toestemming zijner Moeder, in dienst zal worden besteed bij zekeren HENDRIK VOLKWIJN, woonende te Hijbrij, in dit Distrikt.

SIR,—I transmit to you herewith a copy of a letter from the Education Department of the Privy Council Office, with a notice which has been issued in this country, and which it is requested may be communicated to the Colonial Governments, with reference to the supply of certain documents connected with that Department, for which application is frequently made by the various Colonial Governments.

Sir F. ROGERS, Colonial Office.

SIR,—I am directed to request that you will submit to the Secretary of State for the Colonies the difficulty which my Lords of the Committee of Council on Education frequently experience in acting on the applications which are made to them to supply to the Colonial Governments the documents referred to in the enclosed parcel of notices.

The Committee of Council has no supply of these documents beyond a very limited number furnished for strictly official purposes, and of which (as they get out of print in time) it is indispensable to keep a reserve from year to year.

The gratuitous distribution of these papers has been stopped for some years in the United Kingdom, and applicants receive in reply one of the enclosed notices.

Their Lordships desire to suggest, for consideration, whether it might not be desirable to circulate these notices to the Colonies, which there is hardly reason for treating more favourably than the mother country in this respect. The papers would then be ordered, in the ordinary course, through the Colonial Agents.

I have, &c.,

IN connection with the foregoing Government Notice No. 249 of 1868, it is hereby notified that Sealed Tenders will be received at the Office of the Honourable the Auditor-General, Cape Town, until 12 o'clock noon, on the 1st of October next, from Persons willing to supply any or all of the Articles enumerated in the Schedule to the "Form of Tender" appended to the said Notice, required for the use of the Government *either throughout the Colony, or in such Districts as the Tenderers may select*, for a period *of three years*, commencing on such date as may hereafter be determined by Government, but not sooner than four months from notification of acceptance of Tender.

Samples of the Articles have been deposited in the Office of each of the Resident Magistrates, and Parties tendering will be presumed to have made themselves aware of the description and quality of the Articles required.

The following are the conditions to which it has been decided that all Contracts under this Notice should be subject, viz.:—

1. All Articles are to be supplied upon requisitions from the Colonial Secretary, or other authorized Officer, at such times and in such quantities as may be required.

2. All Supplies are to be ready for dispatch within fourteen days from the date of receipt of every such requisition by the Contractor, and, before being packed, are to be subject to inspection and approval, at the Stores of the Contractor, by the Officer who may be appointed to perform this duty. They will also be subject, on arrival at their destination, to comparison with the standard samples in the respective Resident Magistrates' Offices.

3. All Supplies are to be carefully packed, and to be forwarded by the Contractor at his own risk and expense. In lieu of special charges for packing, packing-cases, freight, transport, insurance, &c., a fixed charge of — per cent. on the contract prices of the Articles ordered will be allowed to the Contractor. (This percentage is to be distinctly stated in every Tender).

4. Payment for Supplies will be made by the Civil Commissioner of the Division to which the supply relates in cash, or by draft on the Colonial Treasury, immediately on receipt by, and under the certificate of, the Resident Magistrate of each District; except as regards Supplies in the Cape Division, which will be paid by the Treasurer-General, in the manner pursued in respect of ordinary claims against the Government.

5. The Contractor will be required to use every expedition in the delivery of the Supplies at the several District Towns; three months from date of Inspector's certificate to be the maximum period for their transmission.

6. In the event of Supplies not reaching their destination within the period of three months from date of certificate, the Government shall have the right to engage or employ some other person or persons to supply the Articles required, and to deduct or retain from out of the money which shall be due to the Contractor at the time of such neglect or default, or which may thereafter become due to him by the Colonial Government, all such sum or sums of money as the Government may have to pay over and above the Contract prices for the articles so obtained.

The Government does not bind itself to accept the lowest or any Tender, and reserves the option of accepting any portion of a Tender without the whole.

The signature of two sufficient Sureties will be required to every Tender, and upon acceptance of any Tender, wholly or in part, the person or persons tendering, and the Sureties, will be required to enter into a formal Contract.

7th August, 1868.

TENDERS FOR GAOL SUPPLIES, TO BE RECEIVED BY THE HONOURABLE THE AUDITOR-GENERAL.

IN connection with the foregoing Government Notice No. 249 of 1868, it is hereby notified that Sealed Tenders will be received at the Office of the Honourable the Auditor-General, Cape Town, until 12 o'clock noon, on the 1st of October next, from Persons willing to supply any or all of the Articles enumerated in the Schedule to the "Form of Tender" appended to the said Notice, required for the use of the Government *either throughout the Colony, or in such Districts as the Tenderers may select*, for a period of *three years*, commencing on such date as may hereafter be determined by Government, but not sooner than four months from notification of acceptance of Tender.

Samples of the Articles have been deposited in the Office of each of the Resident Magistrates, and Parties tendering will be presumed to have made themselves aware of the description and quality of the Articles required.

The following are the conditions to which it has been decided that all Contracts under this Notice should be subject, viz.:—

1. All Articles are to be supplied upon requisitions from the Colonial Secretary, or other authorized Officer, at such times and in such quantities as may be required.

2. All Supplies are to be ready for dispatch within fourteen days from the date of receipt of every such requisition by the Contractor, and, before being packed, are to be subject to inspection and approval, at the Stores of the Contractor, by the Officer who may be appointed to perform this duty. They will also be subject, on arrival at their destination, to comparison with the standard samples in the respective Resident Magistrates' Offices.

3. All Supplies are to be carefully packed, and to be forwarded by the Contractor at his own risk and expense. In lieu of special charges for packing, packing-cases, freight, transport, insurance, &c., a fixed charge of — per cent. on the contract prices of the Articles ordered will be allowed to the Contractor. (This percentage is to be distinctly stated in every Tender).

4. Payment for Supplies will be made by the Civil Commissioner of the Division to which the supply relates, in cash, or by draft on the Colonial Treasury, immediately on receipt by, and under the certificate of, the Resident Magistrate of each District; except as regards Supplies in the Cape Division, which will be paid by the Treasurer-General, in the manner pursued in respect of ordinary claims against the Government.

5. The Contractor will be required to use every expedition in the delivery of the Supplies at the several District Towns; three months from date of Inspector's certificate to be the maximum period for their transmission.

6. In the event of Supplies not reaching their destination within the period of three months from date of certificate, the Government shall have the right to engage or employ some other person or persons to supply the Articles required, and to deduct or retain from out of the money which shall be due to the Contractor at the time of such neglect or default, or which may thereafter become due to him by the Colonial Government, all such sum or sums of money as the Government may have to pay over and above the Contract prices for the articles so obtained.

The Government does not bind itself to accept the lowest or any Tender, and reserves the option of accepting any portion of a Tender without the whole.

The signature of two sufficient Sureties will be required to every Tender, and upon acceptance of any Tender, wholly or in part, the person or persons tendering, and the Sureties, will be required to enter into a formal Contract.

By command of His Excellency the Governor,

R. SOUTHEY,
Colonial Secretary.
